OF PROFESSIONALS OF TOUCH – WHERE ETHICS MEETS ENERGY.

# THE FOUNDATION OF ETHICAL PRACTICE

SAFETY. RESPECT. AWARENESS.

The three golden pillars of the  
Intima approach:

- Emotional Safety
- Professional Respect
- Energetic Awareness

The three golden pillars of the  
Intima approach:

*“When your energy is clean, your  
touch becomes sacred.”*

# BOUNDARIES CREATE FREEDOM

WHY LIMITS INVITE TRUST

Clear communication, space, and consent deepen sensual trust—rather than restrict it.

*“Boundaries are the language  
of trust.”*

# THE POWER OF PROFESSIONAL PRESENCE

STILLNESS AS A SKILL

Emotional stillness and grounded breathing  
transform your touch into guidance, not intrusion.

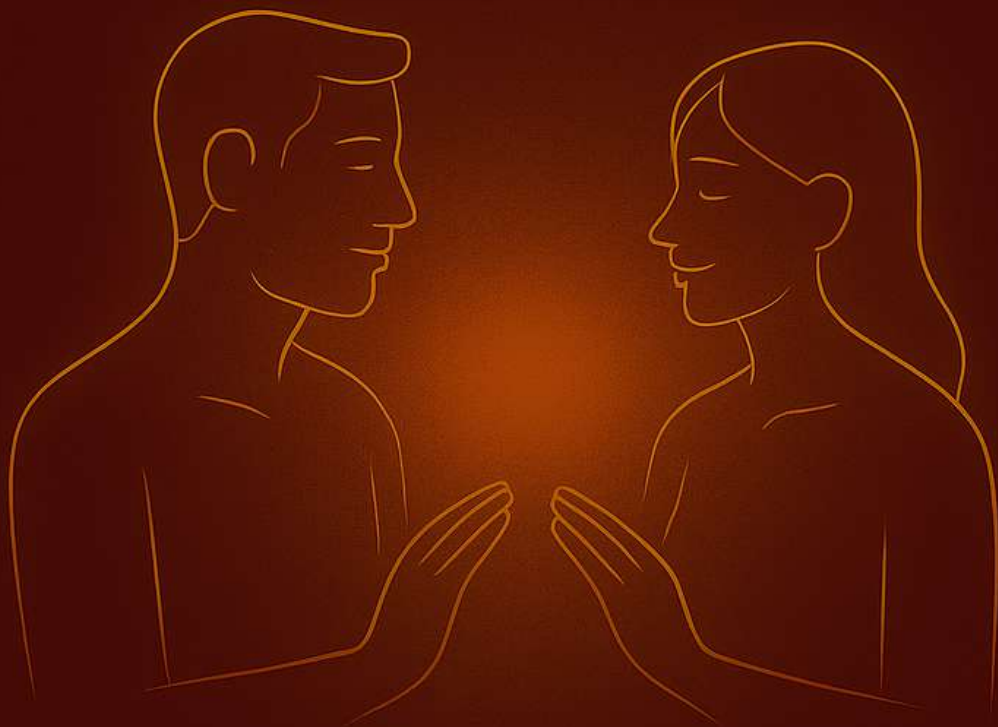

*“Be calm enough to feel —  
not react.”*

# BEFORE TOUCH, THERE IS DIALOGUE

A practical guide to pre-session  
communication:

- Setting emotional intentions
- Discussing comfort levels
- Understanding expectations

*“A professional speaks safety into  
existence before every touch.”*

# THE ENERGETICS OF BOUNDARIES

GIVE ENERGY, DON'T ABSORB IT

Learn to give energy without absorbing  
it as a sensual practitioner.

*“Your boundary is your invisible  
professionalism.”*

# THE INTIMA PROFESSIONAL PATHWAY

Outlines Nuwan's ethical certification  
system:

- Ethics & Presence Module
- Boundary Awareness Training
- Emotional Energy Management
- Case Study Evaluation

“Ethics is how  
your silence feels  
to others.”

“Presence *is*  
*not posture*—  
it’s purity of  
intention.”

“*Professional touch*  
begins where  
ego ends.”
